PERSONNEL POLICIES GOALS

The Fort Smith Board of Education recognizes that the quality and quantity of staff employed directly affects the attainment of the aims of the School District, that emphasis upon individual achievement effort is conducive to attainment of performance goals, and that the school organization is more likely to be effective if the conditions and climate of work are both stimulating and satisfying to all personnel.

The Board of Education further recognizes its responsibility to provide an effective educational program which will benefit the boys, girls, and adults of the Fort Smith Public Schools. In order to implement this acknowledgment of responsibility, the following considerations are paramount:

- A. Employees with professional growth potential must be attracted to the District;
- B. Selections for all staff positions must be made exclusively on the basis of the ability to adequately assume responsibilities and perform duties as outlined for all positions;
- C. All employees must be assigned to those positions which provide opportunities for advancement;
- D. A program of compensation which reflects responsibility, training, and adequate performance must be maintained;
- E. Position security for all employees must be provided, consistent with satisfactory performance;
- F. Adequate supervision must be provided to foster individual development and ensure job performance which is consistent with institutional goals;
- G. Job performance must be appraised at regular intervals with attention toward maintaining and improving performance;
- H. In-service training must be provided to maintain the development of all staff members; and
- I. The School District is committed to protecting the privacy of its employees and ensuring fundamental rights for all personnel and will not discriminate on the basis of gender, race, creed, national origin, or disability.

ETHICAL CONDUCT

It is the expectation of the Fort Smith School District that as professional educators, all certified staff and administrative personnel should comply with the ethical standards set forth herein:

PRINCIPLE I—COMMITMENT AS A PROFESSIONAL EDUCATOR

Fundamental to the pursuit of high educational standards is the maintenance of a profession possessed of individuals with high skills, intellect, integrity, wisdom, and compassion. The educator should exhibit good character, maintain high standards of performance, and promote equality of opportunity.

In fulfillment of the **educator's contractual and professional responsibilities**, the educator:

- A. Should serve as a positive role model for students, parents, and the community.
- B. Should not use coercive means or promise or provide special treatment to students, colleagues, school patrons, or Board of Education members in order to influence professional decisions.
- C. Should not make any fraudulent statement or fail to disclose a material fact for which the educator is responsible.
- D. Should not exploit professional relationships with students, colleagues, parents, school patrons, or Board of Education members for personal gain or private advantage.
- E. Should not have revoked for cause in Arkansas or any other state any teaching certificate, administrative certificate, or any certificate enabling a person to engage in any of the activities for which an educator's certification is issued in Arkansas.
- F. Should not engage in conduct involving dishonesty, fraud, or misrepresentation in the performance of professional duties.

PRINCIPLE II—COMMITMENT TO THE STUDENT

Mindful that a profession exists for the purpose of serving the best interests of the client, the educator should practice the profession with genuine interest, concern, and consideration for the student. The educator should work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

GBC(2)

In fulfillment of the **obligation to the student**, the educator:

- J. Should provide students with professional education services in a nondiscriminatory manner and in consonance with the accepted best practice known to the educator.
- K. Should permit the student to pursue reasonable independent scholastic effort, and should permit the student access to varying points of view.
- L. Should make a reasonable effort to protect the student from conditions or circumstances within the control of the educator which interfere with the learning process or are harmful to health or safety.
- M. The teacher and administration should keep parents informed about the progress of their children as interpreted in terms of the purposes of the school.
- N. Should treat all students with respect and not commit any abusive act or sexual exploitation with or to a student.
- O. Should keep in confidence personally identifiable information that has been obtained in the course of professional service, unless the disclosure serves professional purposes, or is required by and in accordance with law.

PRINCIPLE III—COMMITMENT TO THE PUBLIC

The magnitude of the responsibility inherent in the education process requires dedication to the principles of our democratic heritage. The educator bears a responsibility for instilling an understanding of the confidence in the rule of law and respect for individual freedoms. Educators should also seek to promote respect by the public for the integrity of the profession.

In fulfillment of the **obligation to the public**, the educator:

- A. Should take precautions to distinguish between the educator's personal and institutional views.
- B. Should not use institutional privileges for private gain or to promote political candidates, political issues, or partisan political activities.
- C. Should neither offer nor accept gifts or favors that will impair professional judgment.
- D. Should support the principle of due process and protect the political, citizenship, and natural rights of all individuals
- E. Should, with reasonable diligence, attend to the duties of his or her professional position.

PRINCIPLE IV—COMMITMENT TO THE PROFESSION

In belief that the quality of the services to the education profession directly influences the nation and its citizens, the educator should work to raise professional standards, to improve service, to promote a climate in which the exercise of professional judgment is encouraged, and to achieve conditions which attract persons worthy of the trust to careers in education. The educator should believe that sound professional relationships with colleagues are built on personal integrity, dignity, and mutual respect.

In fulfillment of the **obligation to the profession**, the educator:

- A. Should exemplify behaviors which maintain the dignity and integrity of the profession.
- B. Should apply for, accept, offer, or assign a position or responsibility on the basis of personal and professional preparation and legal qualifications.
- C. Should not knowingly misrepresent an assignment or conditions of employment regarding a position from an applicant or employer.
- D. Should not permit commercial or personal exploitation of his or her professional position.
- E. Should not misrepresent his or her professional qualifications.

<p>IMPROPER RELATIONSHIPS</p>

It is unethical for an employee in a supervisory position to engage in favoritism or improper use of authority for any reason. Any employee who directly supervises another employee should avoid the appearance of unethical conduct by refraining from romantic involvement with a subordinate.

It is the intent of this policy to prohibit the exploitation of a supervisory relationship in the workplace. It is not the intent of this policy to discourage or prohibit friendships or social activity among any classification of Fort Smith Public School employees.

New Policy

<p>ELECTRONIC COMMUNICATIONS</p>

Any electronic communication (including the sharing of pictures) with students, parents, or fellow employees should be at the highest professional levels. Employees shall adhere to the same ethical standard in electronic communication as is expected in face-to-face or standard written communication.

Electronic social networking is an emerging communication outlet for both personal and professional purposes. Employees should be aware that experts agree nothing transmitted electronically is truly private. Therefore, posted pictures and messages should reflect the image that an employee would want to project to the public.

No employee will be held responsible for unauthorized postings or transmissions made without the employee's knowledge or consent, provided that the employee takes prompt and reasonable steps to remove the unauthorized messages.

Approved 5-23-11
New Policy

NETWORK/INTERNET ACCEPTABLE USE GUIDELINES

The District network exists for the primary purpose of transmitting and sharing information between academic and research organizations. Network use must be consistent with the goals of facilitating and disseminating knowledge, debating issues, encouraging collaborative projects and resource sharing, aiding technology transfer, fostering innovations, and building a broader infrastructure in support of education and research. Networked computers may be used as a laboratory for research and experimentation in computer communications and curriculum development where such use does not interfere with normal network operations.

Inappropriate conduct could include, but not be limited to, the placing or viewing of unauthorized or unlawful information (data or graphics) on a system, the use of abusive language in either public or private messages/data, the sending of messages/data that are likely to result in the loss of a recipient's work or systems, and the sending of chain letters or broadcast messages to lists of individuals. District computing resources cannot be used to intimidate or create an atmosphere of harassment based upon gender, race, religion, ethnic origin, creed, or sexual orientation.

An account assigned to an individual may not be used by others. Faculty, students, staff, and associates are individually responsible for the proper use of their accounts, including proper password protection and appropriate use of Internet resources. The faculty is responsible for instructing and supervising students on acceptable use of the network and proper network etiquette. The faculty cannot be held liable for students' unauthorized use of the network.

It is not acceptable to use the network to interfere with or disrupt network users, services, or equipment. Disruptions include, but are not limited to, distribution of unsolicited advertising, propagation of computer worms or viruses, and using the network to make unauthorized entry to any other machine/service accessible via the network. No one should deliberately attempt to degrade the performance of a computer system (including network resources) or to deprive authorized users of resources or access. The School District may periodically monitor the network.

The District cannot be held liable for any losses, including lost revenues, or for any claims or demands against the user by another party. Users will be personally monetarily responsible for their unauthorized access to any *pay* service.

GBCC(2)

The District cannot be held responsible for any damages due to the loss of output, loss of data, time delay, system performance, software performance, incorrect advice from a consultant, or any damages arising from the use of the District's computer facilities.

Unauthorized copying, transmittal of, or use of licensed or copyrighted media (e.g., software) is considered theft and a violation of copyright laws. Placement of media (e.g., software onto an on-site user's computer hard disk) onto District network equipment should only be done with prior authorization.

BULLYING

The Fort Smith School District is committed to ensuring the right of each student to learn in a safe environment without fear. Bullying—intentional, repetitive, and hurtful behavior directed at a victim—creates an imbalance of power that is harmful to the victim and is disruptive to the educational climate at school.

It is the policy of the Fort Smith School District not to tolerate bullying in any form, be it verbal, written, physical, psychological, and/or electronic. It is the responsibility of each school employee to take an active role in reducing bullying and to report any incident to the school administration in writing or in an e-mail at the teacher's discretion. School administrators are responsible for documenting any report of bullying, investigating the situation, and taking appropriate action.

ADMINISTRATIVE PROCEDURE FOR HANDLING TEACHERS' GRIEVANCES

A grievance will mean a complaint by a teacher that there has been an alleged violation, misinterpretation, or misapplication of the *Personnel Policies of the Fort Smith Public Schools*—official Board of Education publication. If a question or policy interpretation arises over which the principal has no control, the teacher or Classroom Teachers Association may submit such grievance in writing directly to the superintendent. If the Association submits such grievance, the name of the teacher involved, if applicable, and the circumstances pertaining to the grievance must be given. The processing of such grievance will commence at Level II.

A grievance must be filed in writing at Step II within **forty-five** working days of the occurrence of the event complained of or from the time when such event might reasonably have been ascertained to have occurred.

The failure of a teacher to act on any grievance within the prescribed time limits will act as a bar to any further appeal, and an administrator's failure to give a decision within the time limits will permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement.

Processing of a grievance at any step may be rescheduled by written agreement of both parties.

COUNSEL:

In any of the steps the teacher may represent themselves or be accompanied by whomever they choose, provided they have advised the person with whom the meeting is planned of the intention to be accompanied by another person. The grievant will be present in all steps.

At Step II and/or any subsequent level of a grievance, the grievant and his or her counsel will have the right to make statements and present written affidavits.

No reprisals of any kind will be taken by the administration or Board against any participant in the grievance procedure by reason of such participation.

STEP I:

A teacher with a grievance should first seek an informal resolution of the grievance with his or her principal or immediate supervisor. If the grievance is not resolved satisfactorily, then the grievance will be put in writing and submitted to the principal or immediate supervisor. Processing of the grievance will take place within eight calendar days from the receipt of the Step I written notification.

STEP II:

If the grievance is not resolved during Step I, the teacher may request in writing not later than eight calendar days from the receipt of the Step I written notification of grievance decision, a meeting with the superintendent or his or her designee at a mutually agreed-upon time. The grievance meeting will take place within eight calendar days of the receipt of written request. The determination by the principal, superintendent, or their designees that the concern expressed by the teacher is not a grievance, may be appealed to the Board for a final decision.

STEP III:

If there is no resolution of the grievance after Step II, the teacher may request in writing, not later than eight calendar days from the receipt of the Step II written notification of grievance decision, a hearing before the full Board of Education at the next regularly scheduled Board meeting. The hearing will be open to the public unless either the superintendent or the employee requests a private hearing. The meeting with the Board will be held within forty-five calendar days from receipt of written request by teacher to the Board.

STEP IV:

The decision of the Board will be final and forwarded to the teacher not later than fourteen calendar days from the date of the hearing. Any person has the right to take his or her grievance to a court of law. In the event a grievance is filed at such time that it cannot be processed through all the steps necessary for the procedure by the end of the school year, the steps may be continued into the summer months or reconvened during the first fourteen calendar days of the new school year at the request of the grievant specified in writing to the superintendent of schools by certified mail not later than May 31 of the current school year.

CONTRACTS

Staff members are employed by the Board of Education upon recommendation of the superintendent of schools. The employment of administrative and supervisory employees and members of the permanent teaching staff is evidenced by contracts, binding on both employer and employee. No teacher will be required to sign and return a contract for the next school year any sooner than thirty days after the contract is issued to the teacher. The teacher will have the right to unilaterally rescind any signed contract no later than ten days after the end of the school year.

All certified employees will be contracted and employed in accordance with current Arkansas state law and regulations. Contracts may be issued by the superintendent, subject to Board approval at the next regular Board meeting. Board failure to approve the recommendation will nullify the contract except for actual services rendered.

The teacher will file in the office of the superintendent an official transcript of college training, an acceptable proof of birth, and will register a valid teaching license of highest grades attainable with college credits.

All teachers will present annually to the superintendent's office a certificate of health from a regular-licensed physician, if required by rules and regulations of the Board of Education and the State Board of Health, including evidence of freedom from tuberculosis if required by the State Board of Health.

If schools are closed for any reason over which the Board has no control, teachers will be required to make up without additional pay such part of time as the Board deems necessary.

The teacher agrees that the Board of Education as the employing agency is authorized to make such deductions from the salary as may be required by law for teacher retirement, taxes to the government of the United States, and to the state of Arkansas.

Teachers are required to attend all meetings called by the superintendent, principal, or supervisors unless excused. It is agreed the teacher will abide by personnel policies duly established by the Board of Education.

SALARY SCHEDULE

All teachers are paid on a single schedule based on training and approved experience. The salary schedule is computed on a nine and one-half months' term of school. Teachers will be paid in twenty-four installments beginning August 31, 2007. Payment for June, July, and August may be obtained by the teacher by the end of the fiscal year. Newly hired certified employees with effective contract dates on or after July 1, 2009, will be compensated through direct deposit. Direct deposit will be made available upon request to certified staff members hired prior to July 1, 2009. Direct deposit procedures will be in accordance with guidelines promulgated by the School District finance office.

Any teacher leaving the School District prior to the close of the school year is paid in full for the total number of days of service rendered at the end of the next regular pay period.

Approved experience is determined by giving full credit for prior teaching experience in other school districts. Full credit will be granted for prior teaching experience in the Fort Smith Public Schools. The provisions of sentence one of this paragraph will become effective for school contracts beginning on or after July 1, 2000, and are not retroactive.

Effective July 1, 2007, one full year credit will be allowed for each year of full-time active military service up to a maximum of four years credit on the Fort Smith certified salary schedule.

Placement on the certified salary schedule will also be determined by reviewing the teacher's academic credentials. College credit earned after a degree is granted in a subject matter field, in the general field of education, or for advanced degrees in fields other than education will be approved only for those courses related to the subject matter field, related to the operation of a school district, in the general field of education, or part of the certification requirements for a new field. However, an advanced degree in any field awarded (not honorary) from an accredited institution will be recognized, and the teacher will qualify for appropriate placement on the salary schedule. The provisions of this paragraph will become effective July 1, 2000, and are not retroactive. Individuals who achieve the National Board for Professional Teaching Standards Certificate will be granted an annual \$2,000 award from the Fort Smith Public Schools for the **ten**-year life of the certificate. This award will be in addition to any state or federal money granted for this purpose. A printed copy of the current salary schedule may be obtained from the Public Schools Service Center. It will be the policy of the School District to employ teachers in accordance with the certification requirements of the Arkansas Department of Education.

GCBA(2)

CLARIFICATION: Allowance of undergraduate credit hours on the certified salary schedule will be effective for hours earned after January 25, 1982. Previously-earned undergraduate credit will not be allowed. Graduate credit will be required for the steps above the master's degree except a maximum of nine undergraduate credit hours above the master's degree will be allowed per this policy. At least three of the nine undergraduate credit hours must be earned after June 30, 1999. Credit will be given for a course only one time. The undergraduate hours must have been earned by an individual after the completion of the master's degree for work directly related to their teaching field, in the general field of education, or as part of the certification requirements for a new field.

FRINGE BENEFITS FOR CERTIFIED PERSONNEL
--

The School District contributes to the premiums of group policies to provide for medical-hospitalization, dental, and life insurance. The District contribution and benefits provided by these policies are subject to annual review. Benefits at District expense may be added from time-to-time as the need arises. Subject to terms of the policies, participants in these programs will have the option of electing a family policy when available with the extra cost of a family policy being withheld from the teacher's salary.

Participation in the District flexible benefits plan exempts the participant from paying federal or state income tax or social security tax on all money that has been committed to the plan. All applicable regulations which govern Section 125 of the IRS Code will be in effect for the School District program.

District contributions to these benefits for a teacher resigning during the school year or who begins service during the year will be proportional to the length of service they have rendered during the year.

Specified acceptable reasons for leaves of absence which are not covered by other leave policies include personal illness, bodily injury, illness in the immediate family, maternity, professional study, full-time officer of state or national educational association, or an assignment with the state or national government.

Any certified employee may request a leave of absence without pay upon written application for the purpose of campaigning for or serving in a public office (elected or appointed). Upon return from such a leave, the following is applicable:

Only persons with three or more years of service in the Fort Smith Public Schools will be eligible for leave of absence under the provisions of this policy. Leaves may be granted for no more than one year at a time. Persons on leave may request an extension of leave on the same basis as if they were under contract. A maximum of three cumulative years leave of absence may be granted to any one person (excluding any personnel granted a leave of absence for leave time prior to July 1, 2005).

Granting a leave by the Board signifies its intention to re-employ the person upon termination of his or her leave. A teacher granted a leave will retain all personal benefits accrued unless the teacher will have accepted other employment.

Emergency situations which do impact on the individual's leave status to cause an acceptance of other employment may be presented or appealed to the Board on a case-by-case basis.

An employee who qualifies for sick leave may use any amount up to his or her total number of accumulated days. Employees coming into the District will be credited with accumulated leave as per state law.

<u>Years of Service</u>	<u>Leave</u>

Eligibility under this section may be established any time on or after the date of signing a contract. Once eligibility has been established benefits may be claimed more than once in a school year for the initial injury, disease, or complication. Additional eligibility must be established each year or for any unrelated injury or disease.

Physician statements verifying that the employee is unable to work must be provided to the district as requested. The district may request a confirming statement about the status of an employee's incapacitation from a physician of its choice.

E. EXHAUSTION OF SICK LEAVE:

If an employee should take sick leave after exhausting all leave under sections A, B, C, and D of this policy it will result in an immediate deduction of salary at his or her daily rate of pay for each day taken. G. WORKERS COMPENSATION:

An employee eligible for worker's compensation benefits should make application for those benefits. The District will use the employee's accumulated sick leave until exhausted so that when combined with workers' compensation he or she will receive payment equivalent to his or her regular weekly salary. Sick leave time used in conjunction with workers' compensation will be computed on the same basis as regular sick leave.

H. SEVERANCE:

If after ten or more years service to the Fort Smith Public Schools an employee leaves the District, that employee will receive payment of his or her unused portion of sick leave to a maximum of one hundred twenty days at the base rate of current substitutes' pay. K. CARE OF A CHILD FOLLOWING BIRTH OR ADOPTION:

Upon request each employee may be granted a maximum of thirty days paid leave with only the reduction for the current base rate of substitutes' pay for the purpose of caring for a child following birth or adoption. The employee is entitled to one leave per child and agrees to not take an additional paying job during the leave of absence. Upon return from such leave the employee will be placed at the position on the salary schedule the employee would have attained had he or she taught in the District during such period.

L. FAMILY AND MEDICAL LEAVE:

Pursuant to the *Family and Medical Leave Act of 1993*, the Fort Smith School District will grant unpaid leave which when combined with other paid leave should not exceed a maximum of sixty days (twelve weeks) during any one rolling-year period (a "rolling" twelve-month period is measured backward from the date an employee uses FMLA leave).

All eligible employees may be granted leave under this provision for one or more of the following reasons:

1. The birth of a child of the employee and in order to care for such child.
2. The placement of a child with the employee for adoption or foster care.
3. To care for the spouse, child, or parent of the employee in the case of a serious health condition.
4. A serious health condition that makes the employee unable to perform the function of the position of such employee.

In addition to the provisions of the previous paragraph, employees may be eligible for leave related to military service:

1. Eligible employees may be granted up to 12 weeks of leave because of "any qualifying exigency" (as defined by federal regulation) arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty status, in support of a contingency operation.
2. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty may be granted up to 26 weeks of leave in a single 12-month period to care for the service member. This military caregiver leave is available during "a single 12-month period" during which an eligible employee is entitled to a combined total of 26 weeks of all types of FMLA leave.

GCBDBA(5)

For purposes of leave taken under this section, a serious health condition means an illness, injury, impairment, or physical or mental condition that includes:

1. In-patient care in a hospital, hospice, or residential medical care facility, or
2. Continuing treatment by a healthcare provider.

Eligibility under this section requires that an employee has been employed by the District for at least one fiscal year and has worked 1250 hours over the previous twelve months.

The request for family/medical leave under this provision should be made in writing to the Associate Superintendent for Human Resources thirty days prior to the beginning of the leave.

Medical certification from a licensed, practicing healthcare provider must be provided with the application for FMLA. The certification must verify the need for the leave and the estimated length of the leave. The certification must include a statement that the employee is unable to perform the required functions of his or her position when applicable.

Leave granted under this provision will be in conjunction with (not in addition to) other paid or partially-paid sick leave provided by the District. Other paid or partially-paid leave which qualifies as a family/medical leave will be substituted for days provided under this section.

This section will be administered in compliance with the *Family and Medical Leave Act of 1993*.

<p>SUBSTITUTE TEACHERS</p>

The superintendent of schools will maintain a list of qualified substitute teachers who may be called upon to replace regular teachers who are absent. Such a list will be filed with the principal of each school. A teacher whose name does not appear on the substitute list may not be employed except when specifically approved by the superintendent. Teachers who teach as substitutes may obtain salary schedules at the Public Schools Service Center.

When music and media/library teachers are absent, the administration will provide, consistent with available approved personnel, a substitute for replacement.

When a substitute teacher is not available for a student classroom in a school, the site administration may assign a certified teacher within the building to supervise those students who are without a substitute. If possible, such assignment and supervision will not cause a certified teacher to exceed the state maximum class size limits. If such assignments result in loss of designated planning time or if other administration assigned duties cause loss of designated planning time, the teacher will be given two options as mitigation for the loss. The teacher will have the option of either the financial compensation or release time:

- A. Any classroom teacher not receiving planning time of a minimum of two hundred minutes each week of scheduled time for conferences, instructional planning, and preparation in increments of no less than forty minutes will be compensated for the planning time lost at his or her hourly rate of pay.
- B. If release time is selected, then maintenance of records and arrangements for that release time will be handled at each building site, provided that (a) the date and hour(s) of the release time must be agreed to by the principal and the teacher, and (b) release time must be used during the school year it is earned.

TEACHING ASSIGNMENTS AND TRANSFERS

To ensure that students are taught by teachers working within their areas of competence, teachers will not be assigned, except for good cause, outside the scope of their teaching certificates of their major or minor field of study. Teachers assigned outside their major or minor fields will not be penalized on the salary schedule in any way.

No later than April 10 of each school year, the assistant superintendent for personnel will cause to be published and posted in each school a complete list of all known vacancies which will occur during the following school year. During the summer months an updated list of vacancies will be posted in the main lobby of the Public Schools Service Center on June 15, July 15, and August 15. This information will also be made available to a Fort Smith teacher who contacts the School District personnel office.

Any certified teacher or administrator in the Fort Smith Public Schools may request transfer to another grade level or subject matter field (in which certified) at any time. This should be done in writing by sending a letter to the assistant superintendent for personnel to request the transfer. There is no requirement that a position be vacant when the request is made.

A request for transfer in no way guarantees that a particular position will be acquired, but consideration will be given to qualified full-time and part-time teachers already employed by the Board of Education if their qualifications are substantially equal to those submitted by applicants new to the School District. Whenever possible, every effort will be made to satisfy personnel needs of the District and the desires of the teacher and/or administrator.

Although the administration and teaching staff recognize that some involuntary transfer of teachers from one school to another is unavoidable, they also recognize that frequent involuntary transfer of teachers is disruptive to the educational process and interferes with optimum teacher performance. Therefore, to the extent possible, reassignment at the elementary and secondary school level will be voluntary. Certified staff who have been involuntarily transferred may request further reassignment to other schools or to the originally assigned school at any time by submitting a request for transfer in writing to the School District personnel office. Certified staff who have been involuntarily transferred to a new school location due to class-size

GCI(2)

adjustments or special education realignment, will have the right of first refusal when the first opening in that teacher's transferred certified subject area occurs at the originally assigned school within three years of the effective date of transfer.

Changes in assignment which are involuntary will be to a comparable position if possible and will not be made without a personal conference between the teacher involved and the building principal and/or assistant superintendent for personnel, as appropriate.

<p>PLANNING TIME</p>

The District will provide a minimum of two hundred minutes of planning time each week for each teacher to schedule time for conferences, instructional planning, and preparation. Planning time for elementary teachers scheduled within the student instructional day, utilizing forty-minute instructional blocks of time, will be provided by art, music, physical education, media personnel, etc. At least two hundred minutes of planning time will be scheduled each week using this format. Any teacher not receiving planning time as required by state law will be compensated for the planning time lost at his or her hourly rate of pay. Class and duty schedules will be constructed so that planning periods of staff are dispersed as evenly as possible throughout the week and do not all occur on one or two days. Planning time will not be provided by lengthening the work day unless the District compensates the teacher for the additional time at an hourly per diem rate.

The District will make positive efforts toward reducing paperwork required of staff. Only documentation that is essential to the operation of the District's programs will be required. Any duplication of paperwork required of classroom teachers should be eliminated. District administrative departments will share information and make every effort to ensure that no duplication of required documentation occurs.

PROFESSIONAL RESEARCH AND PUBLISHING

The Board of Education recognizes that it has certain proprietary rights to publications, instructional materials, and/or devices prepared by employees of the School District to be distributed or otherwise held out as a product or creation of the School District. However, the Board also recognizes the importance of encouraging professional development of staff personnel and of sharing new developments with other school districts, professionals, and/or the general public and is aware that professional publication of materials by staff serves to enhance the level of instruction in and the reputation of the Fort Smith School District. Accordingly, the School District recognizes that publications, instructional materials, and/or devices produced in the author's own name and not as a primary obligation of the employee's contract with the School District, remain the property of such individual author(s) or creator(s), notwithstanding the fact that some school time, facilities, equipment, or other support of the School District was involved in creating the work. Examples of publications or other works to which all rights are owned by the School District include school newspapers, school yearbooks, school literary magazines and anthologies, works published solely in the name of the Fort Smith Public Schools, and works specifically funded by the School District. Examples of works in which the individual author(s) or creator(s) retains ownership will include, but not be limited to, a thesis, worksheets, games, tests, teaching units, software, or other work produced while pursuing a professional degree, books or articles written under the name of the individual author(s) as opposed to in the name of the School District (except for works published in school-related publications as noted above), works of art, and musical compositions produced by teachers of those subjects in the classroom (unless specifically commissioned to produce such work for the benefit of the School District) and the instructor's own notes and materials prepared for teaching the course.

GCKC(2)

When publications or other works owned by the School District are published or otherwise disseminated in any form which attempts to indicate or allocate authorship credit, even though the work is owned by the School District, the School District will take all reasonable steps to ensure that such attribution of credit is accurate. This undertaking however is not violated by an arrangement under which a School District employee has other employees assisting or otherwise aiding in creation of the work with the understanding that such assistants are not to receive credit for their efforts or production. Notwithstanding the above, in any particular instance the School District may waive a claim to proprietary rights in a work either before or after completion of the work if conditions warrant.

It is incumbent upon every employee to care for property entrusted to him or her by the Fort Smith School District.

If any item of district property is lost or stolen, it shall be reported immediately to the supervisor of the person responsible. A police report will be filed when appropriate. In cases of fraud or willful negligence, the responsible party shall provide restitution to the District.

PROFESSIONAL DEVELOPMENT

The Fort Smith School District will develop and implement a plan for professional staff development and in-service training based on local educational needs and state educational goals. This plan will provide education and training for Board of Education members, school and District administrators, teachers, and support staff on a continuing and regular basis throughout the school year. Teachers will be involved in the development of the plan for their own in-service education. All programs for professional development and in-service training will be evaluated by the participants in each program.

Professional development means a coordinated set of planned learning activities for teachers and administrators which are standards-based and continuous. Professional development will result in individual, school-wide, and system-wide improvement designed to ensure that all students demonstrate proficiency on the state academic standards. Approved professional development will be linked to the school's improvement plan, demonstrate research-based best practice, and be subject-specific and site-specific as often as possible.

The purpose of professional development is to improve teaching and learning so that all students demonstrate proficiency on the state academic standards. Improvement of student achievement will be the prerequisite goal of all professional development.

- A. In order to be consistent with regulations promulgated by the State Board of Education and the Arkansas Department of Education, acceptable professional development activities will meet the following criteria:
 - 1. Approved professional development activities, whether individual or school-wide, will be based on the improvement of student achievement on state criterion-referenced examinations and other related indicators as defined by the Arkansas Comprehensive Testing, Assessment, and Accountability Program (ACTAAP).

GCL (2)

2. All approved professional development activities will relate to the following areas: content (K-12); instructional strategies; assessment; advocacy/ leadership; systemic change process; standards, frameworks, and curriculum alignment; supervision; mentoring/coaching; instructional technology; principles of learning/developmental stages; cognitive research; and building a collaborative learning community.
 3. To be eligible, professional development activities must produce teaching and administrative knowledge and skills designed to improve students' academic performance.
 4. Approved professional development activities may include approved conferences, workshops, institutes, individual learning, mentoring, peer coaching, study groups, National Board for Professional Teaching Standards Certification, distance learning, internships, and college/university course work.
 5. Administrative faculty meetings and administrative, organizational, or clerical work in the classroom or on school improvement activities will not count as approved professional development.
 6. Certified employees in positions not directly related to instructional activities will still be responsible for completing sixty approved hours of professional development each year. However, the focus of their professional development may be in areas specifically related to their job assignments.
- B. Each member of the teaching staff will acquire sixty hours of professional development training each year during the period of June 1–May 31. The Arkansas Department of Education currently requires that six of the sixty required hours be in the area of educational technology. For teachers two hours of the required sixty hours must be in Parent Involvement Training. Every administrator must have three hours of Parent Involvement Training.

- C. An employee who misses any part of regularly scheduled professional development activities for any reason (such as sickness) must make up that time in other approved professional development activities so that the sixty required hours are earned by each certified employee of the School District during that school year.
- D. A minimum of forty-eight hours of professional development training will be offered during required professional development days at the school building or District level. Teachers will be required to attend all forty-eight hours of contract-time professional development unless excused by the building principal.
- E. The remaining twelve hours may be obtained through any of the methods listed below:
 - 1. A three-hour graduate level college credit course will be counted as twelve hours of professional development if the college credit is related to and enhances the teacher's knowledge of the subject area in which the teacher is currently teaching or is part of the requirements for the teacher to obtain additional certification in a subject matter that has been designated by the ADE as having a critical shortage of teachers. These hours must be approved by the Arkansas Department of Education, Office of Professional Licensure for approval of each course.

The ADE identifies each year which subject areas and levels are teacher shortage areas. No more than half of the sixty required hours may be earned by college credit.

- 2. Professional workshops, meetings, conferences, or institutes—Number of hours training must be specific.
- 3. A certificate or documentation of participation will be required of all teachers desiring credit for attending meetings in this category.
- 4. Continuing education courses—Number of hours training must be specific and documented.

GCL(3)

5. Textbook Selection Committee—A maximum of six hours training per school year will be granted for this activity.
 6. NCA/ACSIP/Title I/Professional Advocacy Committees—A maximum of six hours training per school year will be granted to the teacher. A maximum of nine hours training per school year will be granted to the chairperson.
 7. Development and implementation of approved evaluation professional growth plans—A maximum of three hours per school year will be granted for this activity. In cases in which a certified employee is participating in an awareness or remedial plan, the principal or supervisor will determine qualifying activities and assign professional development accordingly.
- F. Documentation for individual staff members' professional development training will be maintained by year at the individual school building level. Upon the acquisition of eighty-four professional development hours, a staff member may request from his or her supervisor a waiver from subsequent professional development requirements. A minimum of twenty-four of the eighty-four hours must be earned during off-contract time. The waiver will permit the teacher to be absent from the building at those times specifically approved by the principal or immediate supervisor. A separate request should be submitted for each required activity for which a waiver is desired. Factors involved in the decision to grant a waiver will include state regulations, District requirements, and the relationship of the professional development activity to the strategic goals of the building or department.
- G. Staff members who fail to acquire the sixty hours training in each designated year will lose one day's pay or pro-rata share for each six hours of professional development training in which they are deficient.

GCL (4)

- H. If the School District desires early release time and/or waiver days for additional approved professional development, application will be made to the Arkansas Department of Education (ADE) no later than August 1 preceding the start of the school year. Waiver days and early release time will only be approved to accommodate professional development hours beyond the required sixty hours.

- I. All mandated state standards involving professional development are subject to ongoing review and may change at the discretion of the Arkansas Department of Education. Therefore, the Fort Smith School District will comply with any changes at the state level that either increase or decrease professional development requirements.

EDUCATIONAL SCHOLARSHIPS FOR TEACHERS
--

The Fort Smith School District will make available to teachers a cash scholarship to be used for advanced studies.

- A. The following criteria apply:
1. Only full-time teachers of the Fort Smith Public Schools are eligible (excluding administrators).
 2. Scholarships may be used for graduate studies, college courses taken to gain additional certification, or vocational courses that have a practical classroom application.
 3. Any teacher that is awarded the scholarship must use it within thirteen months from the date that it is awarded.
 4. Any teacher that is awarded the scholarship must submit an official transcript or grade report within three months of the completion date to account for use of the scholarship.
 5. Interested teachers must complete and submit a scholarship application form which includes educational plans, classroom application of studies, projected cost, location of the school or program, and a brief biographical and professional history.
 6. Failure to complete the course work or unsatisfactory performance (below C grade) will result in the teacher's paying back the amount of the award within thirty days of the end of the course.
 7. Failure to submit grade reports, completion certificate, or changes in educational plans could also result in the teacher's paying back the award.

Decisions regarding the scholarship and its recipients rest solely with the Scholarship Committee. The Committee chair should be notified of any changes in educational plans outside of those outlined to the Committee on the application form.

GCLA(2)

- B. The Scholarship Committee consists of three members selected as follows:
1. One member from the Fort Smith Public Schools PTA selected by the City Council PTA Board.
 2. One member employed as a teacher with the Fort Smith Public Schools and selected by the Fort Smith Classroom Teachers Association.
 3. One member employed as an administrator with the Fort Smith Public Schools and selected by the superintendent. The terms of the Committee members begin on March 1, and each term has a two-year duration. The Committee will select recipients no later than May 1. The deadline for scholarship applications will be March 1.
- C. The number of scholarships awarded each year will depend on funds allocated in the current year budgeted for that purpose. The amount of each individual award will be \$750. The scholarship may not be awarded to the same teacher in two successive years.

EVALUATIONS

The purposes of evaluation are to enhance the quality of instruction, to provide a basis for professional development, and to serve as the basis for sound and defensible employment decisions. It is the responsibility of the evaluator to make specific suggestions for improvement when unsatisfactory areas are indicated on the written evaluation instrument. Such suggestions will be in writing and made available to the teacher. A copy of any anecdotal notes which are kept by a supervisor and used in a recommendation for non renewal of contract or termination of contract will be given to the teacher at the time they are placed in the personnel file.

Any teacher given a written letter of reprimand may request a conference with the appropriate administrator within three days of the date of issuance and prior to the letter actually being put in the teacher's Service Center personnel file. If the final decision is to put the reprimand letter in the personnel file, the teacher may submit his or her written comments regarding the letter, and these comments will also be included in the personnel file.

Any reprimanding, warning, or disciplining of a teacher for delinquency in professional performance will be conducted in private. If the private meeting could result in written documentation regarding the teacher's behavior or performance, the teacher may make a clear request for a representative to be present before or during the interview. The teacher cannot be punished for making the request for representation.

The administrator must grant the request and adjourn the meeting until the teacher has had a chance to consult privately with his or her representative, or the administrator may deny the request and terminate the meeting. The administrator must give the teacher the choice of proceeding with the interview without representation or ending the interview. Any rescheduled meeting held with a representative present must take place within seven school days.

Beginning with the day of submission of his or her written comments regarding the letter of a reprimand, the teacher may also take action under the grievance procedure.

GCN(2)

Each teacher will be given a copy of any written report intended for the teacher's Service Center personnel file and will have the opportunity to discuss such report with the evaluation personnel. After such discussion, the teacher will sign the report indicating only that he or she has read and discussed the evaluation.

The teacher will have the right to place in his or her file a rebuttal or additional clarification to any written evaluation. This rebuttal will be signed by the person making the original evaluation as an acknowledgment that it has been called to his or her attention. There will be an annual written evaluation report on each teacher. Evaluations will be performed in accordance with the performance-based evaluation system adopted and published by the Fort Smith Board of Education. No video, audio, or electronic surveillance device will be used for observing the teaching of "academic content" performance without the teacher's knowledge in advance.

Any complaints regarding an employee made to an administrator by a parent, student, or other person will be brought to the attention of an employee within ten working days if the administrator believes the complaint to be of a type that would be used on teacher summative evaluations.

Administrative summaries of written patron complaints will be placed in the teacher's Service Center personnel file only under the following conditions:

The teacher may request to meet with his or her supervisor and the specified patron within ten school days of the date of the written complaint to explain their side of the issue; and

- A. The teacher will be given an opportunity to provide the specified patron with a written response to the allegations.

The employee will be provided a copy of a written summary of the complaint. The employee will have an opportunity to answer the complaint. The employee's response will be attached to any retained written record of the complaint. The retention in the employee's file of any oral or written complaints concerning alleged acts by the employee may be the subject of a grievance.

TEACHER DISMISSAL AND NON RENEWAL OF CONTRACT
--

When proposed that a teacher's contract be terminated during the contract period or not be renewed at the end of the school year for another academic year for just and reasonable cause, the superintendent or the superintendent's designee will notify the teacher in writing, delivered in person, or mailed to the teacher at the last and usual known address by registered or certified mail that the superintendent will recommend in writing to the Board of Education that the teacher's contract be terminated or not renewed. Notification of non renewal of a contract will be not later than May 1of said school term. Proposed termination may be made at any point in time.

The notification will include a statement of the reasons for such termination or dismissal or for the determination not to renew the contract of the teacher. Any certified teacher who has been employed continuously by the School District for three or more years or who may have achieved non probationary status pursuant to §6-17-1502, may only be terminated or the Board may refuse to renew the contract of the teacher when there is a reduction in force created by District-wide reduction in certified staff or for incompetent performance, conduct which materially interferes with the continued performance of the teacher's duties, repeated or material neglect of duty, or other just and reasonable cause.

Any teacher who receives notice as provided for above is entitled to file a written request with the Board for a hearing. Such written request for a hearing will be sent by certified mail to the president of the Board with a copy to the superintendent within thirty days after the written notice of proposed dismissal, non renewal, or termination of contract is sent to the teacher.

A hearing before the Board will be conducted in accordance with the following provisions:

- A. The hearing will take place not less than five calendar days nor more than twenty calendar days after the written request therefore has been served on the Board, except that the teacher and the Board may in writing agree to a postponement of such hearing to a date agreed to by the Board and the teacher;
- B. The hearing will be private unless the Board or teacher will request that the hearing be public in which case a public hearing will be held at the request of the Board or the teacher;

GCP(2)

- C. The teacher and the Board may be represented by legal counsel; and
- D. The Board will make and preserve at its own expense a record of the hearing and will furnish a copy thereof to the teacher without cost to the teacher.

A non renewal, termination, or suspension, or other disciplinary action by the School District will be void unless the District substantially complies with all provisions of *ACA 6-17-1503, 1507, & 1510*, as amended.

REDUCTION IN FORCE (RIF)

Reduction in Force (RIF) is a policy to guide the Fort Smith School District, if it becomes necessary, to reduce certified staff members due to a decline in student enrollment, financial conditions, program revision or elimination, the closing of facilities, and/or School District reorganization. Whenever a reduction in certified staff members becomes necessary in the opinion of the Board of Education, the following policy will be utilized to accomplish the necessary reduction action:

I. DEFINITION

- A. *Reduction in Force (RIF)*—RIF as used in this policy will mean District-wide reduction in certified staff members.
- B. *Seniority*—Seniority as used in this policy will mean the employee's vertical salary schedule placement on the Fort Smith certified salary schedule.
- C. *Attrition*—Attrition is defined as a position left vacant when a teacher voluntarily resigns, retires, or is dismissed from the District.

II. PROVISIONS

- A. The Board of Education, upon a recommendation by the superintendent of schools, will determine the number of staff members to be placed on RIF leave and the subject area(s), field(s), and/or program(s) to be affected.
- B. To the fullest extent possible, normal attrition will be considered first prior to reduction in force. Part-time teachers in identified areas of specialization will be released prior to reduction of teachers on full-time contracts.
- C. A teacher placed on RIF leave may engage in teaching or another occupation during the period of such leave.
- D. A RIF-leave status will not continue beyond two years unless the leave status is extended by Board action. (See Section III-C for the individual's responsibilities while on RIF-leave status.)

GCPA(2)

- E. The selection of teachers to be recommended for reduction in force will be made by the superintendent of schools on the basis of the criteria and priorities listed below:
1. Seniority—Reductions will be accomplished by layoffs of the least senior staff members in the identified areas of certification, provided, however, that teachers in their first, second, or third year of Fort Smith teaching experience will be maintained on a separate seniority list and will be considered as the least senior members for purpose of layoff;
 2. Professional Training—If two or more persons have the same seniority and certification area status, reduction will be determined by educational attainment in accordance with horizontal salary schedule placement. Those to the right will be considered the most senior;
 3. A person certified in more than one teaching area will be given precedence if seniority status and professional training are equal. A staff member involved in staff reduction may, if all other employment attributes are equal, exercise seniority and displace or place on layoff the teacher with the least seniority in the School District performing in the same assignment or assignment for which the teacher is certified, provided that the teacher agrees to acquire three college hours of credit in the designated certification area during the summer terms; and
 4. If seniority, educational placement, and certification of two or more employees are the same, reduction will be accomplished by selecting the one with the most experience in the Fort Smith Public Schools. The initial employment acceptance date (month, day, year) may be used to determine reduction if the factors of seniority, educational placement, certification, and Fort Smith Public Schools experience are equal for two or more persons.
- F. Specially-funded programs such as adult education, federal programs, and Title I may be modified or eliminated independent of this policy. All employees will be notified in writing of this provision at the time of employment.

GCPA(3)

- G. The implementation of a reduction in force will not be used to allow certified teaching employees to move to an administrative appointment unless selected for such an appointment through the usual selection process.

III. PROCEDURE

- A. Reduction of certified staff members will be made on a District-wide basis (Grades K-12) rather than on a building-by-building basis whenever reduction in force occurs.
- B. Written notification to staff members affected by reduction in force will be provided as early as possible but no later than thirty calendar days prior to the layoff.
- C. A staff member reduced from employment through the provisions of this policy will be considered to be on RIF leave.
 - 1. RIF-leave status will be maintained for a period of one year (unless reemployed sooner by the Fort Smith Schools).
 - 2. If the RIFed employee wishes to remain on RIF-leave status for the additional one-year period, he or she must notify the District in writing not later than the one-year anniversary date of layoff.
 - 3. RIF-leave status will not be affected by employment in another school district or in another occupation.
- D. Staff members will be selected for reduction according to the provisions and the procedures of this policy. Staff members on leave of absence or sabbatical will be considered in the same manner.
- E. A seniority list which will include certification areas for the individuals listed will be used to identify persons for RIF leaves.

GCPA(4)

- F. In the event a staff member not being considered for RIF desires to volunteer for RIF-leave status, he or she would request RIF status in writing to the School District personnel office within five working days of the announced RIF action.

- G. Approval of a RIF volunteer would be made considering the match of the volunteer to the subject area(s), field(s), and/or program(s) affected by the RIF action. If placed on RIF-leave status, the volunteer would be subject to all provisions, procedures, recall, and rights of this policy.

III. RECALL AND RIGHTS

- A. After reduction-in-force action has occurred and the need for the reduction in certified personnel has diminished, RIFed personnel will be offered employment in their certified area prior to employment being offered to teacher applicants. However, the eligible RIFed personnel must be fully certified for the available position as reflected on their current Arkansas Teaching Certificate. When positions are to be filled through the recall process, personnel on RIF leave will be recalled in the reverse order of layoff.

- B. The person being recalled will be offered employment by certified mail from the Public Schools Service Center. Recall notice will be sent to the person's last known address on file in the School District personnel office. It will be the responsibility of the RIFed person to supply the District with his or her current address.

- C. Within ten calendar days of postmark of the recall notice, the recalled person must accept the offer by replying by certified mail or in person to the Public Schools Service Center.

GCPA(5)

Rejection of the offer or failure to respond within ten days removes the recalled person's right to any further employment consideration under the provisions of this policy.

- D. Failure to report to work in a position that the RIFed person has accepted, unless said employee presents proof of sickness or injury, will be construed to be a default. If said RIFed person has secured employment elsewhere, he or she will be allowed a fourteen-day period from the date of the acceptance before being required to report to work. A person on RIF leave who has contracted with another public school district may opt to complete his or her existing teaching contract. In this case the person will be hired to fill a position at the beginning of the next school year.
- E. All fringe benefits to which an employee was entitled at the time of RIF leave, including sick leave, personal business days, etc., will be restored to him or her upon returning to full-time employment with the School District. No benefits will accrue during RIF-leave status. The employees recalled from RIF leave will be placed on the salary schedule step that he or she would have been on prior to being placed on RIF leave.
- F. Persons on RIF leave who choose to become substitute teachers will be given priority consideration. On the substitute teacher call list, the names of persons on RIF-leave status will be so designated. Those designated will be given priority when calling substitutes for duty.
- G. All teachers on RIF leave will be given priority over new applicants in filling positions which may open.

GCPA(5)

- H. When a reduction in force is declared and certified personnel are placed on layoff (RIF) status, the School District personnel office will prepare a seniority list of certified personnel. This list according to seniority will include name, service, and certification areas, and RIFed personnel will be designated. The list will be maintained in the School District personnel office for review by the appropriate school officials, the personnel involved, and a Classroom Teacher Association representative.

- I. A person who is grieved may utilize the District's grievance procedures (*Policy GBM*).
